

OUR PRIVATE PRACTICE HAS MOVED TO UPMC SHADYSIDE HOSPITAL.

We've moved to a new office just down the road. And although we're on the UPMC Shadyside campus, our practice remains private, and will still accept most major insurances.

At our new location, you'll receive the same attentive, state-of-the-art care that you've come to expect from our practice. You'll also be happy to know that, as Director of UPMC Shadyside's Community Orthopaedic Services, Dr. Groff has full access to the hospital's first-rate services, operating rooms, and advanced technologies.

Our Monroeville office will remain open as well, providing services at Forbes Regional Hospital through West Penn Allegheny Health System.

Please make a note of our new address and be sure to come to our new office for future appointments. We look forward to serving you at our new location!

Groff Orthopaedics and Sports Medicine

510 S. Aiken Avenue
Suite EG-01 East Wing Shadyside Hospital
Pittsburgh, PA 15232
